

Compact hogger DT Premium

More economic efficiency
in the panel processing

Changing quantities as well as a wide variety of carrier and decorative materials in panel production confront producing companies with major challenges.

The new DT Premium compact hogger is the solution for increasing productivity thanks to its long tool life – with perfect quality on the edge and cutting surface. Thanks to the new tooth shape, optimum machining results are achieved over the entire tool life cycle. The targeted removal of the chips and the vibration-reducing tool body further increase the tool life and thus the economic efficiency.

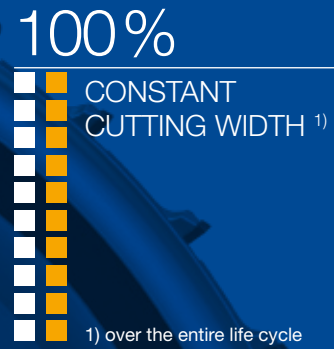

YOUR BENEFITS

- Long tool lives even in different materials
- Perfect quality on edge and cutting surface

AT A GLANCE

- Constant cutting width over the entire life cycle
- Two different tooth shapes possible
- DFC® chipbreaker and gullet area
- Damping elements on the tool body
- 15 times resharpenable
- Suitable for all conventional panel materials
- Available at short notice
- Diamond tipped

Your benefits due to ...

PRODUCTIVITY & EFFICIENCY

Maximum economic efficiency through long tool life

- Long tool life even under difficult operating conditions thanks to new tooth shape
- Reduction of set-up costs due to long tool lives
- Efficient chip removal due to innovative geometry of the gullet area with integrated chipbreaker
- Cost efficient processing of various materials
- Ideal also for batch size 1 due to adapted cutting geometries
- 15 times resharpenable through expanded resharpening area

QUALITY

Perfect edges and cutting surfaces

- Excellent edge quality and smooth cutting surfaces through adapted cutting geometries
- Clean workpiece finishes due to efficient chip removal with DFC®-Technology
- Constant cutting width over the entire life cycle

SUSTAINABILITY

Longer life time, less dust and noise

- Reduced noise due to special tool design
- Reduction of noise and vibrations through damping elements
- Longer tool life time through expanded resharpening area

Compact hogger
 DT Premium:
 The industry leader
 for more economic
 efficiency!
